PROJECT

+

Le Présent is a third generation family-owned wholesaler-importer committed to offering quality home decor accessories at competitive prices since 1967.

Over fifty-eight years later, the company is now one of the trendsetter pioneers in Canada.

P R I D E

fig. 1

Behind *Le Présent* stands a team of designers with a passion for style and simplicity. Our search for the latest trends in indoor and outdoor home accessories takes us around the globe to source the best in products and design.

fig. 2

Our mission is to bring style, originality and affordability to every product we offer. Behind every *Le Présent* product stands our commitment to exceed your expectations with exceptional products, exceptional quality and exceptional service.

EVERYTHING

THEY MAKE
THE DESIGN

fig. 4

HOME DESIGN

No home is complete without a range of luxury home accessories to really make the interior design stand out.

Bring life

fig. 5

HOSPITALITY

Whether it's large planter boxes to install on city sidewalks, or modern hotel planters for the grounds of a luxury resort, our collections have something to offer all projects.

fig. 6

ORIGINALITY

Styles ranging from classic to contemporary, eclectic to elegant, simple to sophisticated. Unique and creative design meets functionality and elegance.

Diversity

OUR WIDE PRODUCT RANGE

fig. 7

We offer an exciting collection of indoor & outdoor home decor accessories, creating and producing our own collections in every corner of the world. Our goal is supplying a high quality product, from the latest trends, at a reasonable price. Stunning additions to your interior, exterior, home, office or commercial design statements.

We appreciate your interest in *Le Présent*, and are looking forward to working with you in the near future.

**EVERLASTING
BOTANICALS**

FIBERGLASS PLANTERS

fig. 8

Lightweight, durable, elegant. Our collection of fiberglass containers offer a simple, elegant design accent to any decor; classic, contemporary, or ultra modern. The perfect way to add colour and shine to your interior settings.

All our planters include a fixed false bottom, so your potting planters or your everlasting botanicals are always resting at the right height.

MATTE FINISH

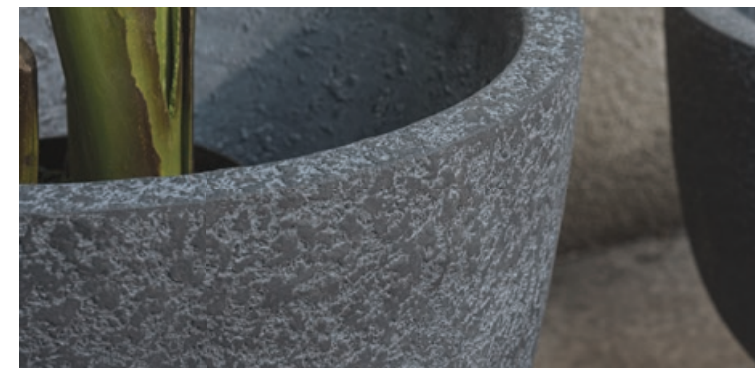

Our matte finish adds a refined texture and timeless elegance to our planters.

+

GRANITE FINISH

Boasts a smooth matte surface with subtle speckles, creating a refined and unique terrazzo-like look.

ROUGH FINISH

Our rough textured finish adds a natural, tactile element, creating a unique and organic appearance.

AGED FINISH

Boasts a weathered, vintage-inspired finish that adds depth and character to the planter.

- ✓ SELF-WATERING SYSTEM
- ✓ LIGHTWEIGHT
- ✓ SHOCK RESISTANT
- ✓ STRONG UV PROTECTION
- ✓ WEATHER + FROST RESISTANT
- ✓ EASY TO CLEAN
- ✓ MADE IN CANADA

CLIMA ROTOMOULDED PLANTERS

fig. 9

A bold, new collection of pots manufactured in North America made of 100% plastic polypropylene.

100% recyclable, lightweight, anti-shock, U.V. protected and frost resistant.

fig. 10

Synonymous with minimalist design with their pure and simple lines with colour ranges for all tastes. This line is all about modernity, perfect for furnishing and enriching your spaces with harmony and elegance.

TURN-KEY CUSTOM BOTANICAL SOLUTIONS

Pair any of our everlasting botanicals with the perfect planter for a permanently mounted, maintenance-free display. Stabilized with a

reinforced base and finished with decorative stones, each arrangement is expertly crafted for a polished, lasting look.

We reinforce our lightweight planters with a gravel base for stability. The chosen everlasting botanical is then securely mounted in high-density polyurethane foam, ensuring permanence. Finally, we finish the display with decorative stones, sealed in place for a polished, natural look.

fig. 12

PRIDE IN OUR MATERIALS

Inspired by nature – expertly crafted from high-quality fiberglass and polypropylene. Our lightweight and durable planters feature a variety of modern textures, including smooth matte, rough stone-like, speckled, and ribbed finishes. Our fiberglass line is designed for indoor use, while our CLIMA rotomoulded planters are perfect for outdoor use; they offer UV resistance and timeless style in contemporary silhouettes.
